(Updated on May 2022)

### TRAVEL AND IMMIGRATION RESTRICTIONS

Several countries have imposed travel and immigration restrictions due to COVID-19. This is a dynamic situation and it is the responsibility of the customer to check all relevant travel advisories to and from the countries they are visiting and transiting through. Always check travel restrictions for each part of your trip; this includes layovers for connecting flights, as well as entry requirements for your return back to the US. Please note that the information provided in this addendum is based on the time of print/publication and a country's requirements can change at any time. It is the responsibility of the traveler to check all updates and obtain all necessary documents and tests prior to departure, as well as entry back into the US. Ritz Tours is not responsible if you are denied entrance for any reason in any country, even if you hold a valid passport and entry visa. Non U.S Passport holders - please check with your local embassy or consulate for detailed visa and travel document/entry requirements. If you need clarification on whether you may enter Egypt, contact the closest Egypt Embassy or consulate, as well as your airline prior to travel. \*Important note: If you test positive for Covid-19 and are denied boarding for your return flight to the US, you will be responsible for any expenses you may incur (ie. flight expenses, hotel accommodation, transportation, meals, sundry expenses and more). Please note, Ritz Tours cannot be held responsible if you are denied boarding for this or any other reason, and will not be responsible for any related expenses.

### Passport and Visa

- U.S. Resident Aliens need both passport and Alien Resident Card for re-entry to the United States.

- Keep travel documents, passport, personal necessities and valuables with you at all time. Leave a copy of the important documents to your family or pack another separately from the original itself. We suggest you scan and email a copy to yourself for easy online access. This will help speed up the replacement process.
- Be sure you have all the necessary documents and money before leaving for the airport.
- Entry visa is required for all non-Egyptian passport holders traveling to Egypt. U.S. citizens can apply for Egyptian E-visa at <http://visa2egypt.gov.eg/eVisa/Home> prior to departure, or obtain a renewable single entry 30-day tourist visa upon arrival at Egyptian airport for a 25 USD fee.
